DETAILED ACTION

Election/Restrictions

Election of group II, claims 7-11 and new claims 17-20 is noted. Claims 1-6, 12-16 remain withdrawn from further consideration by the examiner as being drawn to non-elected inventions.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 7-11 and 17-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Braswell et al. in view of Facino et al. and Intelisano.

Braswell and Facino are of record.

Intelisano teaches that *Echinacea angustifolia* and *Echinacea purpurea* are interchangeable, see whole document, especially, cols 1-3 and the claims.

It would have been obvious to one of ordinary skill in the art to purify the extract of Braswell with the purification procedure of Facino since Facino makes it clear that such a purification procedure is well known in the art and used to achieve such pharmaceutical effects as is noted in Facino. It is simply the choice of the artisan in an

Art Unit: 1654

effort to optimize the desired results to use such purification procedures since such procedures were successfully used on the same extract. Further, it is obvious to use *Echinacea purpurea* instead of *Echinacea angustifolia* since Intelisano and Facino (page 1448) make it clear that one of ordinary skill in the art can use either extract for known antitumor effect.
